Our gluten-free buns are certified gluten-free by the Gluten-Free Certification Organization and are toasted in a dedicated toaster. Our gluten-free French fries, sweet potato fries and onion rings are made in a separate, dedicated fryer to maintain purity. Our gluten-free onion rings are made with gluten-free flour. Please note, however, that trace amounts of gluten may exist due to the proximity of the dedicated fryer to our other fryers. If you have severe reactions to trace amounts of gluten, we recommend you skip the fries and onion rings. Also, our friendly neighborhood health inspector wants you to know that consuming raw or undercooked foods such as meat, poultry, eggs or seafood, may cause serious illness. If you have a food allergy, please notify the cashier when ordering. Thank you kindly.
