Our gluten-free French fries, sweet potato fries and onion rings are made in a separate, dedicated fryer to maintain purity. Our gluten-free onion rings are made with gluten-free flour. Please note, however, that trace amounts of gluten may exist due to the proximity of the dedicated fryer to our other fryers. If you have severe reactions to trace amounts of gluten, we recommend you skip the fries and onion rings. Also, our friendly neighborhood health inspector wants you to know that consuming raw or undercooked foods such as meat, poultry, eggs or seafood, may cause serious illness.
